Marina Huber iOS developer (4+ years)

I am seasoned developer that loves to look for solutions and learn new things. Was part of a team of 20 iOS Engineers on the project with 2 million monthly active users and earned featured mentions in the App Store. Mastery in developing and releasing startup projects. Along side commercial practice I make animations and have solid communication skills with product owners and designers.

SKILLS

| Swit 3 + | Objective-C | HealthKit | UIKit | SwiftUI | Xcode | Design patterns |

| REST API | WatchOS | SOLID & TDD | Analytics | StoreKit | SnapKit |

EXPERIENCE

CODABLE, Freelence iOS developer
Pula — January 2020 - Current

Clients include: Glooko Inc., Included Health, Philips Sonicare app, Bellabeat app, Paddle Logger, Boat Buddy

• I kick-started projects, written iOS /Swift/SwiftUI mix apps as earliest testable product for various clients in a startup look- alike teams. Worked on dispalying charts and Dates feature for Bellabeat core app.
• Collaborated on WatchOS and iPhone water sport app, I implemented visualization of HealthKit data and tracking and calculating GPS data between the app users
• Part of mobile app team (2 iOS devs) that develop Philips Sonicare Enterprise app working with static libraries and connecting devices in IOT
• Researched and developed iOS 14 widget • Take part in design and implemented first backend- driven UI elements

AppsFactory, iOS developer
Leipzig — 2018 - June 2019

• Working in the iOS mobile team as part of the agency client projects. We enabled two B2C apps to deliver their services with innovative solutions for TV sport channel news feed and drinks delivery. Collaborated with engineers with GraphQL backend solution.
• Developed and supported "click-and-collect" feature (when user recieved purchased items from merchant offline store)

PVH Corp, iOS developer
Amsterdam — Jan 2017 - Jan 2018

• I maintained one of the biggest enterprise social-media retail apps and developed it together with two other iOS engineers
• Helped rewrite ObjectiveC point of sale enterprise app into Swift with iOS team engineers in time for summer retail season. App showed credit memos, purchase orders for instore sales department for online and offline mode

XS2The World, Junior iOS developer
Amsterdam — Sept 2016 - Dec 2017

• I helped ship Swift iOS app with Meridian Beacon SDK and Bluetooth technologies for a History Museum of Eindhoven city
• Built many of the views in the iOS app that allows users to create moodboards with photoshop alike image editor

International Water Association, Front end developer
Remote / Den Hague Oct 2014 - Oct 2015

• I implemented and customised frontend event websites for congresses with HTML5, jQuery, CSS3, basic JavaScript using Git Version Control in a remote team
